## C. E. Pool Passes

By the death of Mr. Carl E. Pool, another pioneer settler of Benton district has been removed. Mr. Pool, who had been in poor health for several months, died in Cereal hospital, June 7, 1934, in his fifty-first year. He was born in the state of Ohio, and was a graduate of Ohio State University, Columbus.

Mr. Pool came to Canada in 1909 when he commenced homesteading south of Benton. Gradually increasing his holdings, his farm soon became one of the largest in the Benton district. Frugal and self-denying in his habits of living, going unflinchingly through some not always necessary hardships, his entire bachelor life was spent on his farm since early in the spring of 1910. Honest of purpose, trustworthy and

### Poison Victims Recovered

Mr. and Mrs. H. Christensen and family and Mrs. J. Long and her sons Allan and Roy who were extremely ill after drinking water containing arsenic, are all recovered and apparently none the worse for their unpleasant experience.

On Saturday the two families drank water from a barrel into which some person or persons, yet unknown, had put a quantity of arsenic. Dr. D. L. Dick was the attending physician. The case is being investigated.

inoffensive, he was liked by everyone who knew him and it may be truly said of Mr. Pool, that he did not make an enemy during his 24 years residence in the Benton district. Adverse climatic conditions and unrelenting natural forces brought neither whine nor whimper from him; but left him bravely carrying on.

He leaves to mourn, his father, several brothers and one sister, all living in the United States.

A great number of friends and neighbors paid their last respects at the funeral service conducted by Rev. J. D. Woollatt, of Cereal, on Saturday, June 9. Interment took place at the Cottrell cemetery Cereal, Alta. Funeral arrangements by J. A. Waterhouse.

Following the rainfall of Monday and Tuesday, June 4-5, which gave a precipitation of 1.41 inch, .05 inch was added during the week. On the night of the 11th, .21 inch was received and on the morning of the 13th, a further .27 inch was recorded bringing the June total at this date to 2.13 inches.

On the afternoon of the 15th a heavy rainfall produced another .60 inch and around noon on the 16th two showers added another .10 inch. On Monday, June 18th a heavy downpour occurred between 7.30 and 8.30 p.m., adding another 1.09 inch and
